Free software to backup DVD for backup CD, or backup audio CD for MP3 or OGG. Quick and fast DVD ripping software to convert DVD movies to different audio/video format like VCD/SVCD/Audio CD with ease. Easy DVD CD Audio Backup Studio Program Download: Size:31.0 MB Download: "Easy DVD CD Audio Backup Studio" This was not a tiny program - it took over 700 MB and to be honest, I didn't find it easy to use - but I took it for its quality and the prices I paid - I have 100 dvd's and I'd like to be able to rip them all before I attempt to backup them but I just can't do it - the program was not as easy to use as I thought it would be - I made the mistake of using all the advanced options and it made everything really slow - I now have a little too much time on my hands trying to get a few of them done - but I gave it my best shot - I think I'll re-consider just using the free version - it doesn't do it for me - and I really want to backup ALL the dvd's I have and I may be completely wrong about this - but I'm giving up - I won't even bother trying to do the few that are left because it's a pain in the butt! Easy DVD - DVD Ripper to Video4CD and Video7 Easy DVD - DVD Ripper to Video4CD and Video7 is a small, full-featured application that can rip DVDs to video4cd, video7 and avi video. It supports all major video codecs including DivX, XviD, MPEG-1, MPEG-2, MPEG-4, H.264/AVC, H.263/MPEG-4, AAC, WMA, VOB. It also supports DVD
