In this game based in part on the movie , Spider-Man is on a mission to fight evil as the villains Shocker, Vulture, Scorpion and Green. In general, I liked the movie, but the game turned out to be much more interesting in my opinion. The game has 3 mini-games: 1. is a mini-game in which you have to shoot a pistol in order to intimidate enemies. 2. - this is a mini-game where we need to help Spider-Man climb to a height in order to thwart the villain's plans. 3. is a mini-game in which we have to save all people from death. In general, the game turned out to be very good. 8 out of 10
