

Dua Old Age Caring Institution

Elderly Hospice & Palliative Care Center

Caring for our elders with dignity and compassion.

Our Commitment: Dignity in Every Stage

Understanding Hospice and Palliative Care

Palliative Care

Relief from symptoms and stress of serious illness at any stage, alongside curative treatments. Focuses on improving quality of life for both patient and family.

Hospice Care

Specialized comfort care for terminally ill patients with a prognosis of six months or less, focusing on quality of life, not cure. Provided when curative treatments are no longer effective.

Integrated Support

Both provide comprehensive medical, emotional, spiritual, and family support through multidisciplinary teams, ensuring holistic care for patients and their loved ones.

The Unspoken Reality

For countless elderly in India, the final chapters of life are often marked by immense suffering and a lack of compassionate care.

This is where Dua steps in.

The Urgent Need in India's Elderly Population

100M+

Growing Elderly Population

India's elderly population is rapidly expanding, with a significant increase in chronic and life-limiting illnesses.

38/1000

Palliative Care Demand

Studies indicate that approximately 38 per 1000 elderly (60+) in India require palliative care, yet access remains critically limited.

50%+

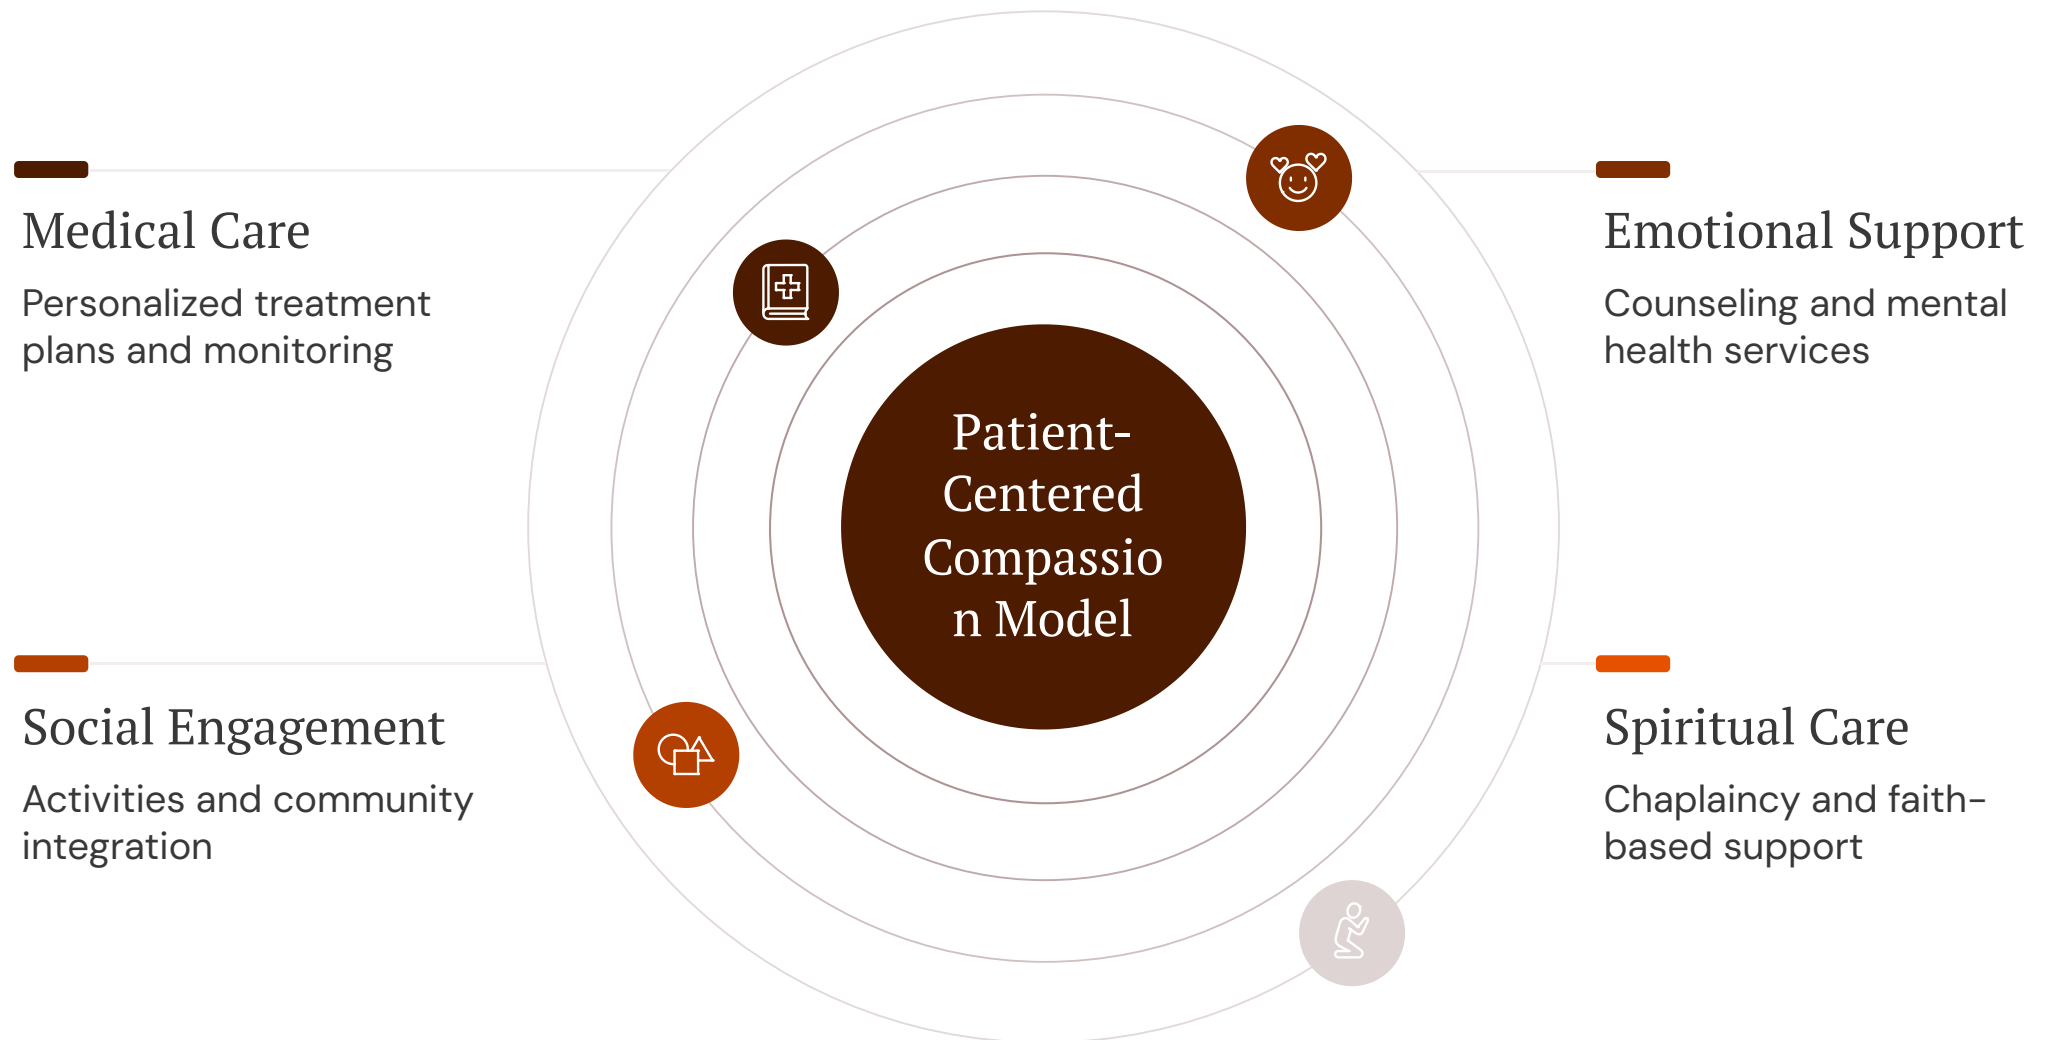

Family Burden

Over half of families caring for elderly patients experience significant emotional and financial stress due to the absence of structured end-of-life care options.

Quality hospice and palliative care can alleviate suffering, provide dignity, and offer peace during the final stages of life.

Dua's Difference: A Holistic Approach to Care

Dua's Compassionate Care Model

Our comprehensive services include inpatient hospice, home-based palliative care, family counseling, and bereavement support, all delivered with an emphasis on patient dignity, comfort, and honoring last wishes in a homely, respectful environment.

"The care my mother received at Dua was beyond anything we could have imagined. They didn't just care for her body, but her soul. It was a true blessing."

— A Grateful Family Member

Join Us in Providing Dignified Elderly Care

- Support Dua's mission to transform end-of-life care for India's seniors and provide them with the comfort they deserve.
- Your contributions help us expand our hospice facilities, train dedicated caregivers, and provide free or affordable care to those in need.
- Together, we can ensure every elderly person experiences comfort, respect, and peace in their final journey, leaving a legacy of compassionate care.
